

Take my hand ...

(14.08.2016)

I sing from a world

that is old, that is new
and I sing from a world
that`s for me and for you

and I sing from a world
that`s so free and so clear
and I sing from a world
that was never so near

Let us go to this world
let us go in between
let us go to our heart
where we`re king and we`re queen

this, our world, is so real
now and ever before
let us go to this love
let us go to this shore

Let us go to the end
to the end of all fear
to the freedom in you
to the freedom so near

Go with us my friend
take my hand and agree
in that, what is yours
take my hand and you`ll see

take this hand and believe
take this hand my old brother
and It lead you to heaven
it`s our father and mother
